Minden To Get New Street Lights

Minden will get 23 Mercury Vapor lights to be installed from the by-pass, at the Beaverbrook Golf Course along the River road, through the main street and out to Ward's Esso Station on Highway 35.

It was passed at council on April 12th that the rental basis plan as submitted by the the Ontario Hydro for the installation of such lights be accepted.

The Ontario Hydro will install the new rental lights in the very near future.

Previously installation of this type of lights had to be purchased by the municipality but this new scheme enables municipalities to take advantage, without the expenditure of a large amount of money.

Councillor Roy Windover made the motion to get the rental lights, saying, "they have been needed for many years, and we can not afford to turn down this new Hydro offer."

THURSDAY SMILE

A hen-pecked husband's life is just one big fowl-up.

MINDEN AREA BUSINESSMEN'S ASSOCIATION CALL GENERAL MEETING FOR NEXT WEDNESDAY

The executive of the Minden Businessmens Association have called for a general meeting of all members, as well as other interested persons.

The meeting will be held in the Council Chambers, at the Municipal office, Wednesday, May 4th, at 8 p.m.

The liquor issue, concerning a

vote for Cocktail lounges will be one of the main issues at the meeting, along with the appointment of a new president, and a director, who has moved away, leaving a vacancy on the executive.

This will be a very important matter and all members are asked to attend.

COUNCIL GETS UTILITY WATER PUMP INSTALLED ADJACENT TO PRESENT ONE

A new water pump has been installed adjacent to the present well building.

At a recent council meeting it was moved by Reg Booth that council contact Mr. W. Mitchell of R. V. Anderson and associates, and request his co-operation in designing a second pump and well. Council took fast action on this matter, getting the pump installed this week.

Council felt another pump and well was a necessary, with the

increase of users on the original pump, the new Senior Citizen's Home being a big factor. It was also felt however that an extra pump was needed in case of an emergency.

MISSING MAN FOUND DEAD IN BUSH

A 79 year old Cooksville man who has been missing since Saturday was found dead Monday in a swamp near Kinmount.

Coroner Dr. Fred Griffiths said the man, George McCullough, died of a heart attack. He said no post mortem was held and no inquest would be called into the elderly man's death.

Mr. McCullough, who was a diabetic, had been visiting his son Howard at a farm eight miles southeast of Kinmount.

He left the house about 11:30 a.m. Saturday to go for a walk. He was supposed to return in 15 minutes, said police. When he failed to come back to the house a search party was organized.

Sunday about 120 persons scoured bushland southeast of Kinmount and Monday about 65 persons continued the search, said police.

The body was found about a half mile from the farmhouse in a swamp about 3:30 pm but it was about 5 pm before police got the body out of the bush.

The body is being transferred from the John Welch Funeral Home here in Minden to the Speers Funeral Home in Toronto.

COFFEE HOUSE PLAY TO BE SEEN AGAIN — AT HYLAND CREST HOME

The Stage Play, "Coffee House" was so enjoyed by the two hundred and fifty people who saw it performed on Sunday evening that it is being put on once again by popular demand, at Hyland Crest Home.

The play will be staged this Sunday evening, April 30th at 7:30 p.m. in the auditorium at the Senior Citizen's Home here in Minden.

One complaint received from last Sundays showing, was that those at the back of the hall could not see, and these people wish to attend the play again. Many others who were not in attendance have asked that the play be performed again.

Everyone is welcome to attend on Sunday evening for the second performance, the seating plan is good, due to a stage.

LEVY GOES UP

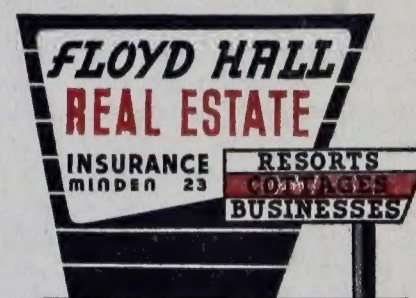

The tax bills are in the hands of the printer for the municipality of Anson, Hindon and Minden; council has added a comparison table to the bills this year, which they felt would be in the interest of the tax payers.

The following is the comparison chart, showing the amounts raised in 1966 and 1967 through local taxation.

	1966	1967
County	\$19,570.00	28,157.00
Municipal	76,530.00	84,640.00
Elementary		
Schools	36,000.00	57,827.00
Secondary		
Schools	34,400.00	65,268.00
	166,500.00	235,892.00

Pictured above from L to R is Lois O'Neil, Daneen Rae, Dorothy McCracken, Dawn Wallace and high school columnist Dianne Earle. These were just some of the School kids who took in the "Careers Expo" at Memorial Centre in Peterborough, las week. Full details are given in the Hi News column.

FENWICK FINCH

By the time you read this, the play, "The Coffee House" will just be a memory.

The play was well-presented and well-received by a capacity audience. The cast were well chosen and each one carried off their assigned parts with credibility.

The folk-singers, Shirley Collis and Norma Jane Burk, were professional in the handling of the two songs they did.

Following the play the audience broke up into discussion groups for about twenty minutes and discussed the characters and how they fitted into the play. The groups then returned to the auditorium where a general discussion was held.

The whole evening was entertaining and thought-provoking. The only criticism — the play was worth a better display case. With two stages now in the village if any further plays are to be produced they should be presented from a stage so that everyone could get the benefit of the work the cast so evidently had put into it.

* * * *

Last Saturday afternoon we were sitting in the comfortable confines of the Empress Hotel watching the leafs shellac the Canadians. At the next table the young fellow was heard to say to his lady friend. "How many beers does it take to make you dizzy?"

"Oh, about four or five," came the answer, "but don't call me Dizzy."

* * * *

We are all interested in success stories. Even if we can't be so successful ourselves we like to hear of those that are. Such a story I listened to years ago at a Rotary Meeting. The guest speaker was a highly successful millionaire — he was telling the club members of his rise to fame and fortune. During his address he mentioned several times that when he first arrived in New York he had his worldly wealth tied in a bandana handkerchief which he carried on a stick over his shoulder.

After the meeting was over, some of the members were talking to him and complimenting him on his skill at being so successful. One of the members asked him the question that had been interesting to practically everyone in the club. "What did you carry in the bandana handkerchief." Without cracking a smile he gave this answer — "I had \$100,000 in negotiable bonds and \$35,000 in cash."

So much for success.

* * * *

One of the latest ads on the radio now is Gordon Sinclair extolling the virtues of colour television which some company had given him — asking for his candid thoughts on its working qualities — in return for which he no doubt got the set. How come this never happens to me — the common man?

It only bears out what it says in the "good book" — "Unto every one that hath shall be given, and he shall have abundance; but from him that hath not shall be taken away even that which he hath."

My friends — you want to believe it.

* * * *

That's it for this week until the next time we are together remember that "Women's styles may change, but their designs remain the same."

MINDEN FIGURE SKATING CLUB

PARTICIPATES IN NATIONAL SKATING TESTS

On Saturday, April 8th, at the Haliburton Arena, the Minden Figure Skating Club participated in the National Skating Test. Due to the most generous donation of the Minden Rotary Club, the young figure skaters took advantage of the extra ice time available and have been practicing most conscientiously each Saturday morning at Haliburton since November 12th.

Thanks to Rotary and Haliburton artificial ice, the test results were most gratifying.

Twenty-four girls were present for the tests and all were successful.

Beginners test — Shelia Elder. Beginners and Stretching — Brenda House, Kelly Beeney. Beginners, Stroking, Elementary, Basic Novice One and Jump Test — Sylvia McCracken, Karen Anbothnot, Shirley Harrison, Diane Austin, Donna Austin.

Elementary and Basic — Mary Snell, Judy Campbell, Julie Griffiths, Kelly Greir.

Elementary, Basic, Novice One and Jump test — Phyllis Walker.

Basic, Novice One and Jump test — Karen MacKenzie, Anne Griffiths, Lori Northey, Debbie Parsonage, Ann Campbell, Susan Leary, Given Walker, Susan Griffiths.

Pamela Windover passed Basic, Novice One, Jump test, Novice two and Free Style.

Darlene Austin passed Basic, Novice One, Jump Test, Novice Two, Dance One, Dance Two, and Free Style, also gained her Dutch Waltz, in the Canadian Figure Skating Tests.

Mary Welch, has completed the National Skating Test, which consists of 12 tests. Under the Canadian Figure Skating Test, she passed the Dutch Waltz, Swing Dance, and First Figure.

THREE CAR CRASH

A three-car crash in Minden just before midnight Friday, resulted in over \$250 damage.

Minden OPP said drivers of the cars driven by Hugh Fountain 21, of Main Street Kilmount and Roy Sawyer 50 of Minden, met at the north end of the Bridge on the main street, and collided. One of the vehicles bounced into a parked car owned by Francis Walker 21 of Gelert.

No injuries resulted, Minden OPP Constable Doug Heith investigated.

THEY GOT THE MESSAGE

The Coffee House play is over — the Church is still standing — another victory for Rev. Jim Cargo. Who would ever have thought that two hundred and fifty people would go to Church on a Sunday evening. It wasn't too long ago that night church services were dropped, because of lack of interest. This little village continues to set the pace when it comes to keeping abreast with religion.

This town has probably had some good preachers in its day, but none of them have ever put that many people in the Church on a Sunday evening. And would you believe — everyone got the message.

It was light entertainmen, which everyone enjoyed. It had a message which everyone understood. It had a meaning which everyone accepted. It brought out points that most ministers would shy away from. It had a conclusion which left everyone in thought. We would say the play was a success.

The young people in attendance were the ones who didn't laugh — but, were the ones who came up with the most serious answers at the end. One could tell they have been the most concerned in the past, about Church and religious people, and now this play had explained their complaint.

Without a doubt, the play brought the people on the outside a little closer to those on the inside. Who knows, there just might be hope after all for those two levels of people to unite in the comfortable pews.

The large gathering on Sunday evening proved something to me. People will come to church, but they want a change, something a little more interesting, something with a little colour. What would happen at the theatre, if every night it was the same picture — a sign would eventually hang on the door "Closed". It is the same with the church and religion — the same sermons have been preached for years, its like a broken record playing in your ear. The idea is not to change religion, or the bible, or the man upstairs — but come out with a twentieth century approach which will bring the people back to religion, who have fallen away — or those who just stay away.

It is my feeling, and from reading articles by clergy and laymen alike, that the church, both Catholic and protestan, can no longer preach the gospel, by first dictating to the people, then installing fear, if they don't follow the rules and regulations. Everyone is lazy in this day and age, the message has to be simple, easy to understand, easy to follow. People are no longer ready to accept heavy burdens, there are enough in the business world already. The idea from where we sit is this — add a little colour, make it simple to understand — the people will get the message, and after all, this is what counts.

BOWLING NEWS

Muriel Medley, has given of her generosity once again, the Alleys of Minden Bowl for Hyland Crest Home. So we thank Muriel and all the people that attended to make it a success.

Prize winners were as follows: First game 7:00 p.m. High single mens, Fred Cooper; high single ladies, Helen Francis; high triple mens Reg Burke; high triple ladies Helen Cox; mens low Lorne Cobourn; ladies low Grace Cobourn; mens special George Hewitt; ladies special Flo Dollo; ladies special Bessie Burke.

Prize winners at 9 p.m. High single mens Charles Stevens; high single ladies Mimi Burwood; high triple mens Norm Harrison Sr.; high triple ladies Doris Coburn; mens low Norman Harrison Jr.; ladies low Reta Lemieux; ladies low Roberta Walker; mens special Raymond Hewitt; ladies special Flo Cummings.

EDITOR DIES IN TOWN HE REFUSED TO LET DIE

A veteran newspaper editor, politician, and civil promoter, Mr. Harmon Rice, 93, was buried this week in the town he refused to let die.

When the jaunty always dapper editor arrived in the Muskoka re-

sort area in 1895 to work in a hardware store, Huntsville was in ruins from a major fire.

"My ehart sank within me as I tried to visualize a future amid a prevailing unloveliness all around me," he once wrote. But refusing to quit, he entered the publishing business with his father in law, the late George Hutcheson.

When he Died of a stroke, Mr. Rice had served for 68 years as editor of the weekly Huntsville Forester, was mayor for 11 years and had promoted or started virtually every civic project in Huntsville, from the Huntsville Memorial Hospital to the Muskoka Tourist Development Association.

POLICE REPORT

Minden Detachment of the Ontario Police reports one property damage accident in the amount of \$260.00, one personal injury accident with \$1200.00 in damages and one person injured and 5780 miles of provincial and township roads patrolled during the week of April 16 to 22, 1967.

During the same period Haliburton Detachment reports one property damage accident in the amount of \$50.00 and 600 miles of provincial and township roads patrolled.

A statement about your accommodations in Montreal for Expo67

Expo 67 is bound to put heavy pressure on accommodations in Montreal. Nevertheless, LOGEXPO, the official Expo 67 accommodation bureau, assures every visitor a place to stay.

At peak periods you may not be able to get certain kinds of accommodation—downtown hotel rooms, for example. But even at these times, there will be sufficient alternative accommodation for everyone.

Over 79,000 rooms are available in all.

Private Homes. Over 30,000 hospitable Montrealers are welcoming visitors into their homes. RATES: from \$8 to \$14 a day for two people, \$10 to \$18 for three, or \$12 to \$22 for four.

Efficiency Apartments, with kitchen facilities and maid service. RATES: \$18 to \$25 a day for two persons, plus \$3 a day for each additional person.

Hotels. There are still some vacancies in downtown hotels during some periods, also in resort hotels within easy reach of Expo 67. RATES: from \$12 to \$30 a day.

Tourist Homes. The position is similar to that of hotels and motels, with some vacancies in all periods. RATES: \$10 to \$18 (double occupancy).

Every room has been inspected and approved by an agency of the Government of Quebec, and a controlled rate established.

All you have to do to make a reservation is mail the coupon below to LOGEXPO. You will receive a reply in 7-10 days, followed by confirmation direct from the management of the hotel, etc., or the homeowner.

Or phone (514) 397-8397 for immediate information and reservations.

Motels. Available in many periods, particularly early in the season, and after September 4th. RATES: \$12 to \$30 (double occupancy).

Motels (Trailer type) With kitchen facilities and maid service. RATES: from \$25 a day for two persons, \$30 a day for four, or \$49 a day for eight. Children under 12, free.

Trailer Sites, within easy driving distance of Expo 67, with 3-way hook-up. RATES: \$3.50 to \$5 a day.

Camp Sites. 20,000 sites, in 120 separate locations, in the area around Montreal. RATES: \$2.50 to \$3.50 a day.

All these accommodations are government-inspected, approved, and price-controlled.

N.B. Please fill out the coupon completely and mail it today.

What's It All About?

by REV. JIM

This column will answer all questions on the New Morality, and every day problems, letters sent to this column need no signature.

Many people have asked; "Do other ministers preach the New Morality?" The following article by Rev. G. W. Goth will answer this question, as well as give additional light to the matter.

A telling experience in New Delhi at the World Council of Churches is recalled by Dr. Forrest, United Church Observer editor.

A traditional Salvation Army spokesman who had had experience in London's slums spoke eloquently of the sins corrupting society.

He mentioned drug addiction, alcoholism and sexual looseness, but the young people around Dr. Forrest were bored and eventually slipped out. They came back to hear a young West Indian who didn't say a word about individual sins of the flesh. He spoke passionately of the curse of war, the indignity of poverty and the shame of race discrimination. These issues concerned them. This simple experience explains the chasm which separates the generations.

Social Values — The emphasis has shifted from individual to social values. Drug addiction is a sickness to be overcome. Has it caused as much harm as racial segregation and war? Sexual laxity creates many problems. How about the infinitely worse degradation which results from the terrible conditions of the poor?

We are beginning to see that the ultimate sins are wrongs you commit against others. By these values the adulterer isn't as great a sinner as the warmonger.

More and more Christians agree that love is the only absolute. The Commandments are not to be taken as moral absolutes given straight from heaven. Jesus recognized the limitation of the seventh commandment when he said that any man who had desires on a woman had already committed adultery. No one can remain a Christian by rigid adherence to rules. The Christian does not live by law, but by grace. Adultery may be the occasion for a break-up in the home. No marriage can reach the heights of mutual ecstasy merely because the Commandments have been kept. Those who cling to the law are likely to perish in coldness and pride.

Any treatment of adultery should include a consideration of premarital sex. A change has come over our attitude towards sex. The dismal legacy of looking upon sex as the source of sin is as dead as the mummies in an Egyptian pyramid. Common sense is telling us that an experience which gives such pleasure can't be wrong.

There will be no more apologies for God because, in a moment of weakness, he allowed sex to be the means of procreation.

INCLUDED SEX — When God looked at His creation and said, "It is good," He meant sex too. It may be the supreme act of communication between two people. Precisely, because of its high and sensitive quality it must not be treated casually or cheaply. Surely, one is guilty of a moral sin when he treats another human being as merely an object to satisfy his own desire.

ON OUR OWN — Of course, this is a terrible responsibility to place on one frail human heart. It means that the props are gone. The rule book, at best, is there only to suggest a course. We are on our own, under God.

This is what it means to come of age. We have been children too long. Now, we must make the plunge.

The weak will flounder unless we hold them up.

Wasn't this what Jesus had in mind when he said: "Follow me and I will make you."

Walter Safety says,
"Avoid playing with
air-inflated toys
and inner tubes
in the water.
Keep them on the beach
where they belong."

Woods, Waters and Wildlife

by James Woodford

Ontario, as we used to know it, is vanishing before our eyes. Since the end of World War II the natural scene has been consumed at a prodigious rate. Thousands of acres have been or will be converted to sites for subdivisions, shopping centers, highways, industrial plants, and the other needs of an increasingly urbanized and industrialized province.

Noted scientists and naturalists will examine man's impact on the face of Ontario at the 35th Annual Meeting of the Federation of Ontario Naturalists.

"A Century of Change" is the theme and speakers will review what has happened to the landscape, the resources and the animals of this great province, during the last hundred years.

A highlight of the meeting will be an address by John A. Livingston, Vice President elect of the FON; Executive Producer of CBC science programs; and author of the best seller "Birds of the Northern Forests." The title of

TO OBTAIN A HUNTING LICENCE

Until the end of this year, you will be able to obtain a hunting licence in one of three ways, only:

(a) by producing a previous licence for renewal, or as proof of hunting experience.

(b) by presenting a certificate issued by an examiner, ie, Conservative Officer.

(c) by presenting a certificate of competence issued by a hunter safety training instructor.

The Department of Lands and Forests recommends that all prospective hunters take a hunter safety training course before applying for an examination.

Applicants for a licence will no longer be permitted to make declaration in the matter of lost or destroyed licences. Form HT14 will be amended. Those who have lost a licence, and are unable to produce proof of hunting experience, must inquire at the nearest Department office for renewal. It is suggested they do this at least two weeks prior to their hunting trip so that a search can be made on their behalf.

Proof of previous hunting experience in the form of a licence issued for any year for any province, state or country may be accepted by an issuer. It is not necessary for issuers to retain current licences or even old licences as the applicant may wish to retain them.

Mr. Livingston's address is "Our Inheritance: the Earth or the Whirlwind."

The 1967 Annual Meeting is being held in Kitchener-Waterloo on April 28, 29 and 30, in the Cortnet Motor Hotel. The meeting is open to the public.

On Sunday, April 30th the host club, the Kitchener-Waterloo Field Naturalists will lead delegates on trips around the area to see interesting natural areas and the flora and fauna. One trip will visit the Niska Waterfowl Research Station and the Kortright Waterfowl Park near Guelph. Another party will hike along a picturesque section of the Bruce Trail; while another group will be shown some of the interesting geological formations in the area.

Last year over 500 delegates attended the FON Annual Meeting, held at Simcoe, evidence of the growing interest in natural history and conservation.

Information is available from the Federation of Ontario Naturalists, 1262 Don Mills Road, Ont.

MR. GARRY W. EASON RECEIVES DEGREE

Mr. Garry Eason, son of Mr. and Mrs. Will Eason, Norland, will receive his Bachelor of Religious Education degree with a major in Christian Education from the London College of Bible and Missions, London, Ontario on Saturday, April 29, 1967.

During his four years at London College of Bible and Missions Garry was a member of the College Chorale, Vice President of his class, chaplain of the Chorale, Vice President and President of Student's Council. Garry was also a member of the College Quartet and the Male Duet. He played on the College Hockey Team for three years.

Garry is a member of Norland Baptist Church, Norland, Ont.

HAPPY BIRTHDAY

Mrs. Byron Meyers, who subscribes to the Progress, and who spends the summer at her cottage at Ingoldsby, will celebrate her 98th birthday on May 1st, at the home of her son in law and daughter, Reeve R. R. and Mrs. Burnham, Hastings Ontario.

Mrs. Meyers was born on the shore of South Lake, near Minden.

KICK THE HABIT!

Here's Hopeful News!

Question:

"I've been smoking so long and so much — can it make any difference if I quit now?"

Answer:

Yes — A Big Difference!

In most cases, health damage caused by cigarette smoking starts to heal almost immediately when the smoker casts off the habit. This medical fact was determined through latest scientific studies.

It is as simple as this:

Harmful effects of cigarette smoking can start diminishing almost as soon as the smoker quits.

Do yourself a favour. Stop smoking.

YOU DON'T HAVE TO BE A GENIUS TO GET THE PICTURE

Arrange for your X-ray Now!

You're probably in great shape. But, "probably" is not enough where your health is concerned. A tuberculin skin test will show whether you have the TB germ in your body. A chest X-ray can show if it is causing active disease.

Serious ailments that may not show outward symptoms for a long time can be detected by a chest X-ray followed by other tests. Early detection makes possible early treatment and a better chance for recovery.

SPORTS

WITH BOB BEENEY

Over two dozen members of the Minden Minor Hockey Association took advantage of a promotion set up by the association that gave the members an opportunity to purchase jackets in the association team colours. The measuring for the jackets took place last Saturday and delivery date is one month from now. The colours are navy blue body and powder blue trim. The Minden Juveniles have already ordered jackets from a firm in Western Canada. It is expected that the chance to purchase jackets will be made available each winter after the hockey season has ended.

The death of Hector Naismith Crighton was announced last week. Mr. Crighton was the master of rules as far as the Canadian Football League was concerned.

He was a game official for 25 years until he retired in 1950. In 1952 he was asked to write the rule book of the Canadian Rugby Union. He also wrote the official rule book of the Canadian Inter-collegiate Athletic Union.

Just two year ago he was named chairman of the Save the Children College Bowl Football game. Mr. Crighton lived in Toronto all his life except for two years he spent teaching in Windsor. During the second World War he served as a wing commander in the RCAF. He also co-ordinated all Physical Training for all RCAF personnel.

I was lucky enough to have him as football coach for two years at Danforth Technical School in Toronto, and was assigned to his physical education class for a number of years.

"Hec" as he was known, was well liked by all of us who were taught by him. I will always remember one of his favourite sayings in a football practice, "If you can touch a pass, you can catch it." No matter in what capacity he taught you, he was always able to get you to try a little harder.

He was a man that my community would have been proud to call their own.

Plenty of sporting activity coming our way next month, with the Minden May Festival committee back at work organizing the many events.

A few items on the agenda will be the fish derby which had plenty of entries last year, and if you remember just after the trophy was presented to the winner for his eight pound Lake Trout, a late entry came in with a Lake Trout that tipped the scales at sixteen pounds. You can bet, that fellow will be back this year. Another big attraction last year was the shooting match at the Minden Rod and Gun Club. Medleys bowl are expected once again to run a bowling tournament, which was a big success last year. Plans are not definite whether or not the races and all the rest of the field activities will be held at the park. One thing to look forward to at the ball park is a good softball game.

Because of the good success at the golf tournament last year, this event is expected to be staged once again.

Letter To The Editor

April 17, 1967

Dear Sir:

IS THERE A HELL?

In the beginning of man's history, Satan contradicted God's word. Adam had been told explicitly that to disobey meant death, "for in the day that thou eatest thereof, thou shalt surely die." (Gen. 2:17) Satan's lying words to Eve are recorded in Gen. 3:4, "Ye shall not surely die." In the April 13th column "What's It All About" Rev. Jim in answer to the question "Is there still a heaven and hell, or was there ever one?" replies in part "The more I learn of the love of God, the more I believe there is no hell and that there never was one."

So What's New! Accepting the Bible as an inspired revelation we see the clear evidence it presents of hell. It is a fact that God has written so plainly, in unmistakable language that the wayfaring man, though a fool, may read it. The Bible declares the actuality of both heaven and hell. Hell is the final abode of all those who live and die in their sin. Heaven is the final abode of all those redeemed by the blood of Christ and regenerated by the Holy Spirit.

Jesus believed and taught: there was an eternal hell. In Matt. 8:12 He referred to it as a place of outer darkness, where there is weeping and gnashing of teeth. Again in Matt 25:41 Jesus Christ,

when He returns in His glory will judge the unrighteous in these words, "Depart from me, ye cursed, into everlasting fire, prepared for the devil and his angels."

Time nor space does not permit listing the many times Jesus clearly spoke of the certainty of eternal punishment. The other writers were equally as definite. David in Psalm 9:17 says "The wicked shall be turned into hell and all the nations that forget God." Daniel in chapter 12 verse 2 referring to the final resurrection and judgment writes, "and many of them that sleep in the dust of the earth shall awake, some to everlasting life and some to shame and everlasting contempt. Paul, who knew a great deal of the "love of God" also knew and wrote of the wrath of God. Thess 1 7-9 "When the Lord Jesus shall be revealed from heaven with His mighty angels, in flaming fire taking vengeance on them that know not God, and that obey not the gospel of our Lord Jesus Christ: who shall be punished with everlasting destruction from the presence of the Lord."

The apostle John called eternal hell, "the second death, the lake of fire." The lake minister a Bible. A Bible was

"Yes," replied the man, and beckoned to his wife to bring the

hell, "the second death, the lake

brought, and he opened it, and saw a strange sight. Some books were taken out of it, some pages were torn away, some chapters gone, and some verses cut out; it was a shamefully mangled Bible, hardly fit for a ragbasket.

The minister opened it, and said, "Have you got a better Bible than this?"

The dying man said, "When you came to our church, I had a whole Bible. But as soon as you told me that one book was fiction I tore it out; and that one chapter was not true, I removed it; and that some verses were unauthentic, I cut them out. And if I had had another year under you, I think I should have had the two covers, and nothing else."

Yours truly,

Pastor Ron Wood,

Norland & Kinnmount Baptist

William Scott MP inspects a stack of newspapers in the British pavilion at Expo 67 in Montreal during a recent visit. The newspapers and giant books in the display are made of plaster. Expo '67 opens to the public on Friday. The British pavilion's overall theme is "The Challenge of Change" and that is what the more than 50,000 sq. ft. of exhibits is all about. The pavilion cost \$7.5 million dollars.

The British pavilion at Expo '67 Montreal dominates the fair and from the tower commands a magnificent view of the entire Expo site and skyscraper skyline of Montreal. The mini-rail sweeps past the Union Jack topped tower. Thirty-three hostesses, young ladies from Britain with winning smiles dressed in red, white and blue miniskirted uniforms answer visitors questions in any one of a dozen languages.

Look up to Evinrude's

economical 60 (it's a V-4)*

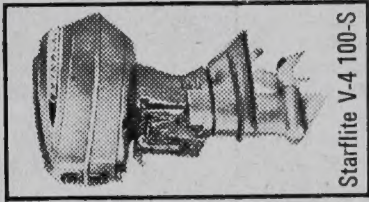

If you think big power means big money, forget it! Evinrude's 60 makes high powered boating as practical as it is enjoyable. Price the Evinrude 60 at your dealer's now and see for yourself! Also, the Evinrude 60 gives you all the advantages of V-4—the engine design that officially holds the world speed record. V-4 design solves a major engineering problem: the low-friction, low-profile V-4 design is inherently balanced. It runs smoother. Its short, rigid crankshaft has less "torsional whip" than tall in-line designs, and provides greater fuel economy.

The high-torque, short-stroke V-4 design delivers higher thrust over a wider speed range. Propeller is less critical. Its versatile power is more efficient under varying load and speed conditions. The Evinrude 60 comes complete with sound-sealed powerhead, electric starting, electric choke, thermostat control

and built-in alternator.

If you want bigger power yet, see the V-4 80 and the world record breaking V-4 100-S... officially the world's fastest outboard motor.

All Evinrudes use 50:1 gas/oil mixture, which increases engine life, saves wear and expense. Every Evinrude carries a full 2-year warranty and with Evinrude's complete coast-to-coast dealer organization, service is never a problem.

Starlite V-4 100-S

See all 18 models for '67, from the folding 3 to the 100-S, plus 5 OMC Fastback Stern Drive models at your Evinrude dealer's now—he's listed in the yellow pages.

OPP SEARCH FOR TWO MISSING MEN IN THE DORSET AREA

Minden OPP are searching today for two men missing in the Dorset area.

Missing are: Rodd Campbell, 54 of Toronto and his Step-son John Viacus, in his 30's of Burlington.

The two men, who have a cottage on Dennison Island in Hollow Lake took their boat from the old Mill Marina on the Lake, where it was stored for the winter, to go to the cottage Saturday.

Owner of the marina, Arthur Haynes, said the men were supposed to return to Toronto Sunday evening. When they failed to show up, Mr. Campbell's wife telephoned the marina Monday to find out where they were. Mr. Haynes said their car is still at the marina.

Police searched the lake for about two hours Monday night and a large search operation is being started today. Mr. Haynes said an airplane was being brought up from Toronto today to assist in the search.

The pair left to go to the island six miles from the marina, in an airplane scoot, which is a boat pushed by an airplane motor.

OH — OH! SOMEBODY'S GOING TO CATCH IT

COLDS ARE CONTAGIOUS

Don't give one — Don't catch one! If you have a cold — Don't mingle with people. Colds are highly contagious, especially in the early stage.

— Don't exert yourself. The less tired and run down you are, the better your chances of resisting complications.

— Don't dose yourself with syrups, sprays, drops, pills or lozenges without being sure that your doctor approves. (Some popular remedies can relieve your symptoms; but some may have a long-term harmful effect).

— Don't neglect your cold if it lingers on. Colds that don't start improving in a few days can be a sign of something more serious. Call your doctor.

There is no magic road to cold prevention. Guard your general health by getting sufficient rest, balanced meals, exercise. And keep away from people who have colds.

FIELD LACROSSE INTERNATIONAL

Rules and regulations for the most part are made to be broken, bent or eventually changed. Peterboro Mann Cup Senior Lacrosse Champions are finding that they must first be digested.

Peterboro will challenge for the first International Field Lacrosse Championship in May, against teams from Australia, England and the United States, represented by Mt. Washington.

The Mann Cup Champions will represent Canada in the International event, but first, must change from their usual box lacrosse style of play to field lacrosse.

Canada will be represented by a speedy aggregation of homebrews, sprinkled with four veterans from the other teams in the Ontario Lacrosse Association. In a little over a month, these players will have to adopt to weather conditions, a large field with zones, a different type of checking game with bigger sticks and a much larger goal to defend.

Peterboro is ready for the challenge. They feel strongly about representing Canada in this International event, despite having but one home game, that against England on Friday, May 19th. All other games in the round robin tournament will be played in communities promoting lacrosse. This is Canada Centennial year, and Peterborough would like nothing better than to win the International title for Canada.

Business In Minden

PRENTICE ROADS & EXCAVATING LTD.

BUILDING BETTER ROADS THROUGH OUR BEAUTIFUL HIGHLANDS

Prentice Roads got its start back in 1935 when Mr. Morgan Prentice went into the lumber hauling business. In 1946 the first piece of construction equipment was purchased and from here on it has been excavating, road building and hauling for the firm located on Highway 35 here in Minden. In 1952 the Company turned limited and became known as Prentice Roads and Excavating Limited.

Today Morgan Prentice is President of the firm, with son Bill as vice-president and wife Mrs. Lola Prentice as Secretary-Treasurer. The business has continued to grow, and have a well respected name for good workmanship.

Going back a few years, Morgan and his father ran the livery and daily stage coach lines from Geleret to Minden, this was in the day when the railroad came to Geleret. Later Morgan worked for Shell Oil Co., and then later again ran a Tourist Camp called Prentice Koka, in the area then known as Prentice Koka. Mrs. Lola Prentice came to the Haliburton Highlands to teach school at Eagle Lake.

After finishing his schooling here, Bill went to Toronto and worked two years with Miller Paving Co., then came back to Minden, and joined his father in the business here.

Bill explained, "the business started out as an equipment rental, but has since developed into contracting of road jobs and haulage," he adds, however we are still in the rental business, only the demand isn't as great."

Prentice Roads means a good source of employment, having eight on the staff year around, and twice that number in the busy season. Mr. Ray Hope is the office manager, and is always willing to help any of their customers in any way he can. Mr. Al Newton is Shop Foreman and is a highly skilled mechanic both on snowmobiles and heavy equipment.

Prentice Roads have become involved, in a big way with snowmobiles over the past three years. They have had a dealership the past two years, and of June first will carry the Ski-Doo dealership. Along with selling a large number of machines each year, the Prentice family have won their share of trophies, while racing the machines in different meets.

Bill is a charter member of the Kinsmen Club here. Both Bill and Morgan are Masons, and both are strong members in the newly formed Snowmobile Club here.

Minden could not be without such active businessmen.

Pictured here is Mr. Morgan Prentice, sitting on one of the many snowmobile rentals in the shop, consulting with son Bill. Both men are ardent snowmobilers.

Bill Prentice talks to office manager Ray Hope about days busy schedule, both however agreed to smile for picture taking.

HI NEWS

with Dianne Earle

Last Monday morning eleven students of this year's graduating class, 12C, of the 4 year Business and Commerce course, began their one week work period at various businesses in the community. Next year they'll be on their own for good; a taste of the "working world" might be good for every student here and everywhere.

Monday, being "DAY 2" in the 22nd cycle, an assembly was held for the entire student body at which "Faith at Work" club organized in our high school presented guest speaker, Mr. Bob Rumble. Mr. Rumble former Argonaut football player is now an evangelist for the deaf. This assembly served as a format to the following weekend of the Faith at Work Convention.

It was the same convention that organized a hootenanny here at the high school at 8 o'clock last Saturday night.

The hootenanny was well attended by young people from the community and elsewhere, and everyone enjoyed the message of guest speaker, Dr. Jim Douglas. (Th coke and doughnuts were refreshing in their own way too!)

On Thursday, the classes of 12 A,B,C,E and 9F went on an excursion to 'Careers Expo' at Memorial Centre in Peterborough.

The picture of this trip is in this issue (we're even famous!) We are very fortunate to have the opportunity of attaining such vast knowledge of "what we can do with our lives tomorrow." At times like these we can readily and sincerely give thanks to education, with all its justices and injustices. Needless to say, we are quite aware of its importance in our present and our future. (And just look at the publicity we're getting — pictures, no less!)

Speaking of trips (who? — you?) Expo is just around the corner — like TRIP No. 1 is scheduled for April 30th!

And there's another trip — tomorrow nite. Via LSD-soaked sugar cubes (we've gotta' be kidding?) come visit our psychedelic world, that's at 9 pm in that weird place you once recognized as the good ol' auditorium. It's the last dance of the year, and the Council is going "all out" for you! — so show up, and have fun to the tune of the We Beasties! (you may never have a chance like this again!)

Isn't it a relief to know you can start any home improvement project now without "cash-drain" worries?

And it's all because of HOMEPLAN — a better home improvement financing program featured here for your buying convenience. Here's what you get when you shop with HOMEPLAN —

* No down payment

* Choice of term to 10 years

* Full life insurance — no extra cost — no age limit

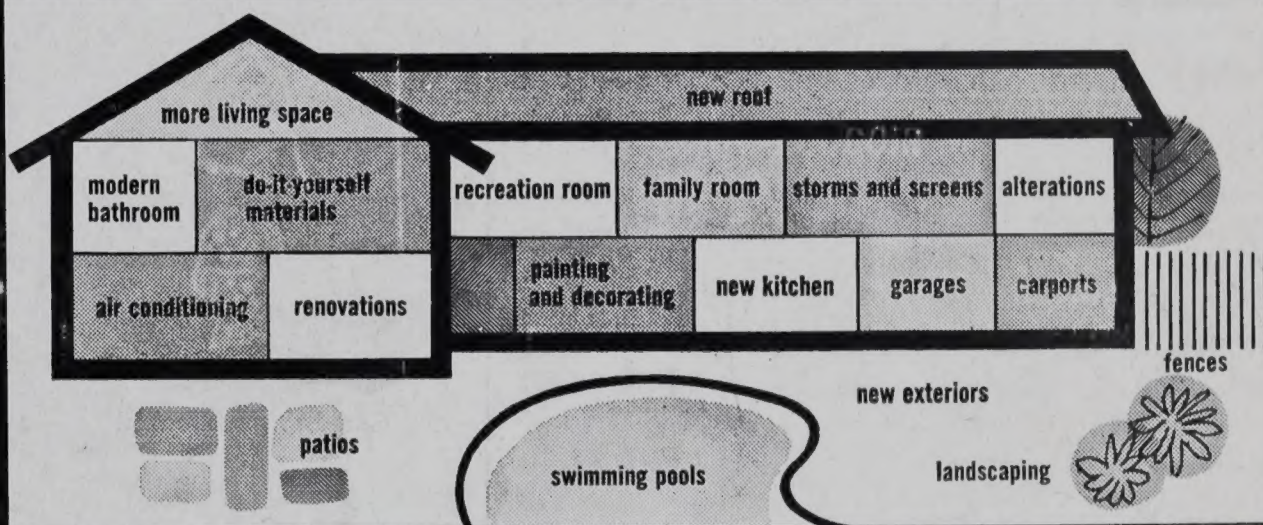

* Your pick of monthly payment Due Dates

* A cash saving Revolving Credit Plan

* A Purchase Security Plan — your protection against "get-behind" payments due to accident, sickness or unemployment

* Personally tailored Deferred Payment Plans

* HOMEPLAN finances labour, material and all the extras in any proportion
